

# IN NEED OF INSPIRATION?

## HERE ARE OUR TOP TEN FUNDRAISING IDEAS

### 1 QUIZ NIGHT

Always a winner and very easy to organise. You could even try and get your local pub to donate the proceeds to Malaria No More UK. Adding in some questions about Africa or malaria will also help raise awareness about the disease.

### 2 FUNDRAISING AT WORK

Why not organise a workplace fundraiser such as a bake sale, office raffle, dress down day or baby photo competition.

### 3 GET RUNNING!

If you fancy something a bit more physical why not sign up to a running event. There are lots on offer all over the country. Whatever your ability there is a run out there for you. We have places in the famous Santa Run this December so head to our website for more information.

### 4 BAKE OFF AND COFFEE MORNING

Ride the baking wave and organise your very own Great British Bake Off event! Brilliant to do with friends or even at work and why not combine it with a nice cuppa!

### 5 PARTY PARTY PARTY!

Big or small, holding a party is a brilliant and enjoyable way to raise money. Bring friends and family, young and old together whilst enjoying food, drink and music. You could theme it around Halloween or Valentines Day for example.

### 6 GIVE IT UP!

We are all guilty of over indulging, so giving something up is a very sponsorship worthy activity. Maybe chocolate, coffee or even Coronation Street if it is your guilty pleasure!

### 7 BIRTHDAYS AND SPECIAL OCCASIONS

The perfect opportunity to ask for donations to Malaria No More UK instead of receiving presents you just don't need!

### 8 COME DINE WITH ME

Don't just watch it on television, organise your own! Everyone loves a dinner party, especially one with a competitive edge!

### 9 WEAR WHAT YOU WANT DAY

An oldie but goodie! A great fundraising idea if you want to get your school involved and often these are happening anyway so it's just a case of persuading the powers that be that the proceeds should go to Malaria No More UK!

### 10 OVERSEAS CHALLENGE

Looking for that once in a lifetime experience? Then taking part in a overseas trek could be for you. Visit [malariafmore.org.uk](http://malariafmore.org.uk) for exciting opportunities, from the London to Paris Bike Ride to Climbing Mount Kilimanjaro.

**£100 can recruit and train two local volunteers to be Malaria Agents; providing life-saving malaria prevention information to their entire community**
